

A woman with brown hair is sleeping peacefully on a light-colored airbed. She is wearing a black spaghetti-strap top and is tucked under a white duvet. Her head is resting on a white pillow, and her hands are resting on the pillow. The airbed has a ribbed texture. The overall scene is clean and minimalist, emphasizing comfort and relaxation.

Our Vision

We create fun, lasting experiences to everyone in the world through the products and services we provide.

Our Mission

Happiness

Happy Consumers

Through our creative & professional staff, innovative & superior products and sustainable, effective manufacturing processes, we create fun, memorable experiences for our customers.

Happy Employees

We create an environment in which employees are able to develop their talents and pursue their professional passions.

Happy World

To limit impact on the environment at every stage of our production process, while investing resources in exploring alternative energy solutions.

WELCOME

Bestway has experienced much development and growth over the past decade. The benefits of our vertically integrated factories, global sales network and after sales support services have dramatically amplified our reputation amongst both retail and corporate customers.

This has in turn made the Bestway brand name into a globally recognized producer of premium products. We eagerly welcome new customers to become part of the Bestway family and sincerely trust that by teaming with Bestway, you will benefit from the dedication and excellence we apply to the creation of each and every product.

Bestway

QUALITY TESTING

Bestway strives to provide a high quality airbed mattress that will last for years to come. This is achieved through the rigorous quality testing done to our mattresses. Our airbeds are inflated for a 24 hour period and through the use of rollers, weights and overinflating, we ensure our beds can withstand these tests so that we can deliver a product of the utmost quality.

INDOOR

A I R B E D S

Bestway is committed to making innovative, quality products for all walks of life. That commitment means that our indoor airbeds are constructed with super soft flocked sleeping surfaces for a great night's rest. Plus, they are easy to inflate and deflate! Not only are they great for when guests are in town, they work wonderfully for the spare room, game room, or anywhere in the house you need extra sleeping space. And you can rest easy knowing you won't compromise on quality with a Bestway airbed.

Bestway

DISCOVER THE INNOVATION

COIL BEAM CONSTRUCTION

Our Coil Beam construction provides an even distribution of surface area across the user's back, delivering comfort and stability.

STURDY I-BEAM CONSTRUCTION

Our sturdy I-Beam construction is designed to offer superior structural stability while maintaining a comfortable surface for a luxurious sleeping experience.

FOAM TOP

Bestway's Memory foam (Foam Top) molds to the body in response to heat and pressure, evenly distributing body weight. It then returns to its original shape once you remove the pressure.

BUILT-IN PUMP (PATENT PENDING)

Bestway's Built-In Pump is a high speed automatic inflation and deflation pump which can inflate and deflate a Bestway airbed in minutes with minimal effort.

A woman with long brown hair in a ponytail is lying on her stomach on a grey airbed outdoors. She is smiling and looking to her right, holding a vintage-style camera. Her feet, wearing white sneakers with black soles, are propped up in the air. In the background, there is a green tent and some foliage.

OUTDOOR

A I R B E D S

Bestway's Outdoor Airbeds let you take the adventure outside without compromising on comfort. Whether you are camping or just want to enjoy a night out under the stars in your own backyard, you will find an outdoor airbed to fit your needs. Coil beam construction, sturdy vinyl, and soft flocked sleeping surfaces provide a comfortable night's sleep for your overnight guest or for your next camping trip.

Bestway

DISCOVER THE INNOVATION

COIL BEAM CONSTRUCTION

Our Coil Beam construction provides an even distribution of surface area across the user's back, delivering comfort and stability.

GREEN TECHNOLOGY

By developing specialized recycling machines which can separate & recycle the materials in scrap and post-consumer products, Bestway has taken the initiative to implement programs that reduce the amount of PVC ending up in landfills across the globe.

4D BATTERY

Our 4D Battery takes the convenience of a built-in pump to the outdoors by utilizing the newest in battery operated built-in pumps.

BUILT-IN FOOT PUMP

Our Built-In Foot Pump is a convenient way to inflate an airbed with little effort by simply using one's foot.

A young girl with brown hair, wearing a white t-shirt, is lying on her stomach on a large, round, inflatable bed. The bed has a pink top layer and a white bottom layer. She is smiling and resting her chin on her hands. The room is decorated with several colorful balloons in shades of pink, blue, green, and yellow. A red inflatable chair is visible on the left side of the frame. The background shows a white wall and a window with a green curtain.

KIDDIE

A I R B E D S

Who loves an adventure more than kids? With Bestway's Kiddie Airbed line, they can create their own memories whether they have a sleepover, are going out of town for the holidays or a camping trip with the family. The Dream Glimmers Comfort Air Bed projects a starry night sky with multi-color alternating lights creating a magical and tranquil environment to help kids ease into a restful sleep.

Bestway.

DISCOVER THE INNOVATION

STURDY I-BEAM CONSTRUCTION

AIR FURNITURE & ACCESSORIES

Bestway has a wonderful selection of air furniture and accessories. From our ComfiCubes, Inflate-a-Chairs, Deluxe Couches, travel pillows and air pumps, there are a multitude of options for every need. And the benefits of our air furniture are plentiful. They are hands down more portable than regular furniture – simply deflate and take a chair or couch with you on your next trip. They are multi-functional – our Multi-Max Air Couches can easily be converted into beds. Because they are made of sturdy PVC, they are basically maintenance free (no polishing or waxing needed!).

Finally, considering all of the above benefits, add the fact that many of our items are bright and colorful, you now have a great alternative for furniture in a kid's room. Our Air Furniture and Accessories offer great alternatives at home or on the go!

Bestway

DISCOVER THE INNOVATION

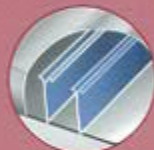

COIL BEAM CONSTRUCTION

Our Coil Beam construction provides an even distribution of surface area across the user's back, delivering comfort and stability.

STURDY COIL BEAM CONSTRUCTION

Bestway's Sturdy Coil Beam Construction is a reinforced coil beam design, adding more stability to the airbed, adding more stability to the crib and to the air furniture.

STURDY Y-BEAM CONSTRUCTION

Our Sturdy Y-beam Construction maintains the shape of an I-Beam with a more supportive surface design.

STURDY I-BEAM CONSTRUCTION

Our sturdy I-Beam construction is designed to offer superior structural stability while maintaining a comfortable surface for a luxurious sleeping experience.
