AN IMPORTANT MESSAGE FOR BESTWAY CUSTOMERS:

We are pleased to inform you that Bestway successfully listed on the Hong Kong Stock Exchange (3358.HK) on November 16, 2017. This is an important milestone for our business, but more importantly, a crucial step for the continual growth and support of our customers.

We would like to sincerely thank you for 24 years of business, and our entire family is looking forward to the next era of Bestway.

OUR VISION

We create fun, lasting experiences to everyone in the world through the products and services we provide.

OUR MISSION

Happiness — Happy Consumers, Happy Employees, Happy World

WELCOME

Bestway's Lay-Z-Spa™ is the world's first premium inflatable spa.

Almost a decade of advanced engineering innovations have built total market dominance and a name consumers have grown to trust. The Lay-Z-Spa offers an affordable spa experience that's convenient to use, easy to set up and offers total relaxation. Another reason consumers love Lay-Z-Spa is because it's backed by Bestway's comprehensive customer support services. These include online support, video tutorials detailing step-by-step set up and maintenance for your spa, plus localized call centers to answer any questions. For this reason, customers can enjoy peace of mind and spend more time relaxing in their Lay-Z-Spa. Your customers deserve the best portable spa – they deserve Lay-Z-Spa by Bestway.

SERVICE

Provide your customers with quality products and the advanced customer service support they deserve. Bestway's online services and regional call centers allow customers to easily resolve issues that arise with their Bestway products. Our multilingual website is a knowledge base offering downloadable manuals, instructional videos along with FAQs and the ability for customers to order spare parts. Regional Call Centers provide the added dimension of support for those unfamiliar with computers or unable to find specific answers to their questions online.

TECHNOLOGIES

AirJet™

HydroJet™

HydroJet Pro™

Float away on a cloud of bubbles with an AirJet massage! Sooth your body and relax your mind with the touch of a button. Simply press the Massage button on the control panel and bubble jets will surround you with effervescent enjoyment.

This is ultimate spa relaxation right at your fingertips with eight fully adjustable HydroJets. Simply twist the HydroJet's bezel to adjust the water flow rate, and then pivot the nozzle to direct the jets to wherever you like. Share the luxury evenly among your spa companions, or if you're alone, direct all 8 HydroJets toward yourself for a deep, soothing, magical massage.

AirJets PLUS HydroJets! You get the best of both worlds with the HydroJet Pro. Eight directional and flow-adjustable HydroJets combine with AirJets to provide the ultimate in spa relaxation. Select only the AirJets, just the HydroJets, or both at the same time – the choice is yours with HydroJet Pro!

Y-BEAM CONSTRUCTION

Delivering strength and comfort

Lay-Z-Spa's Y-Beam construction is designed to offer superior structural stability while maintaining a comfortable surface for a luxurious, refreshing spa experience.

The spa retains its shape no matter how many times it's inflated and deflated, always providing a comfortable, cushioned spa environment.

TRITECH™ 3-PLY

Durable, yet comfortable

Tritech™ is a 3-ply reinforced material with a polyester mesh core that's encased in two layers of laminated PVC – offering superior strength and durability to the build of our Spas.

DROP STITCH MATERIAL

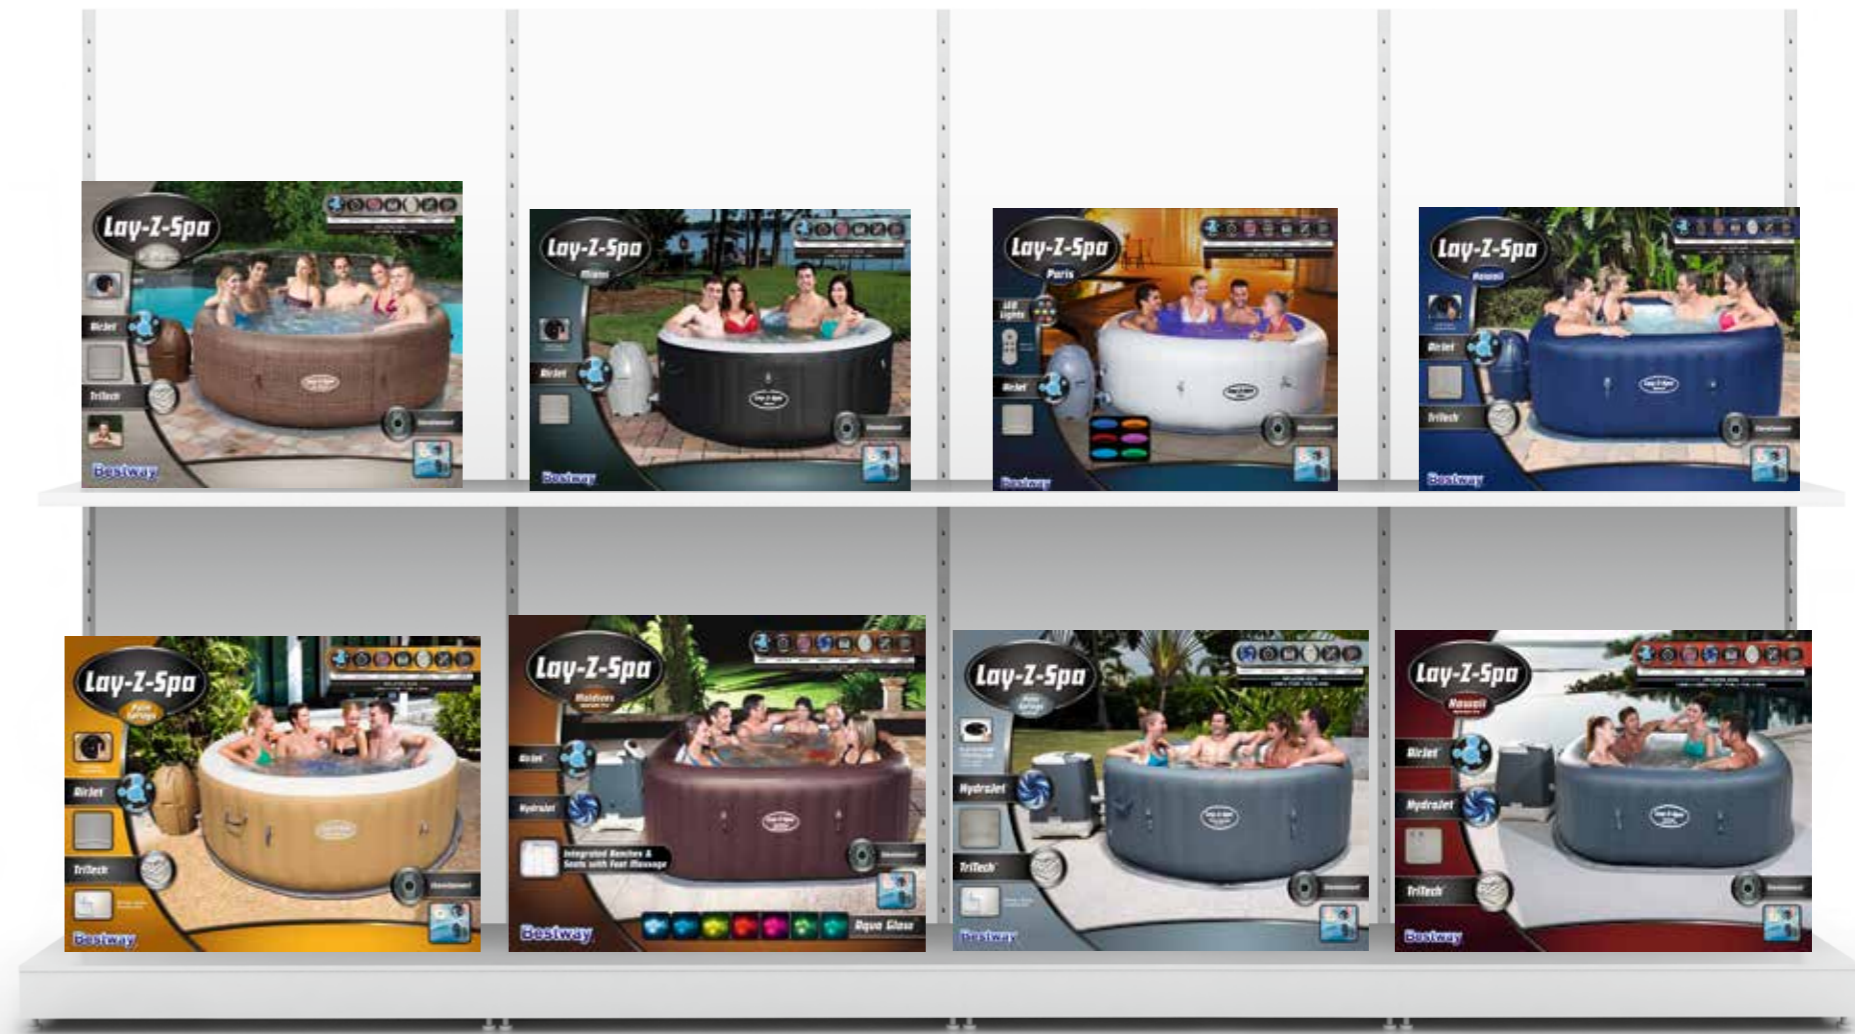

Strength and Durability

Inflated walls are made from drop stitch material, providing unparalleled strength and durability. These threads securely connect the material surfaces internally, while carefully applied sidewalls seal the finished inflated cavity. This creates a panel that effectively supports considerable weight while itself being light and easily portable when deflated.

POSITIONING

HYDROJET™

Perfect spa relaxation at your fingertips!

All EIGHT HydroJets are fully adjustable: Simply twist the HydroJet's bezel to adjust the water flow rate, then pivot the nozzle to re-direct the jet to wherever you like.

You can use them to share the luxury evenly among your spa companions or, if you're alone, re-direct the HydroJets toward yourself for a deep, relaxing solo massage.

ClearSoft™ 
WATER SOFTENING SYSTEM

Electromagnetic Softening System

Reduce the adverse effects of "hard" water (usually spa staining and skin irritation) with our built-in ClearSoft™ Softening System. Activate the ClearSoft system using the spa's control panel. The powerful electromagnetic coils surrounding the spa's water work to condition the water passing through the system. Plus, it's not just "low-maintenance", it's virtually "No maintenance" - with no additional moving parts!

SETUP AND MAINTENANCE

We make it quick and easy to start relaxing and maintaining your spa!

With the necessary set-up tools already included, all you need is the space to place your spa and it's a simple process of 1, 2, and 3 to get going.

1. Inflate the Lay-Z-Spa with the double-functioning spa pump.
2. Connect the pump to the Lay-Z-Spa with the correct openings and make sure they are all attached correctly.
3. Fill up the Lay-Z-Spa with water to the indicated level and you are now ready to enjoy your spa!

In addition to all the tools and the pool cover that comes with every spa, we've also included a chemical floater and filter cartridge. These are used to keep the water healthy and clean, which is important not only for yourself but for the longevity of the spa!

The new deflation function, thanks to simple fittings shown in the right picture, can deflate the spa in an easy and convenient way. Function available on all the Lay-Z-Spas.
