2023 CATALOG

Bestway

2023 CATALOG COLLECTION

Enjoy our extensive collection of products in our six catalogs.

- Above Ground Pools
- Air Mattresses
- Spa
- Summer & License
- Watersports
- Camping Gear*
Only available for 2023.

Digital Catalogs

Easily access all of our catalogs while on the go. Ask your Sales Rep for the link to our catalog website, and Bestway® products can be right at your fingertips!

- View the latest catalogs
- Quickly flip through and find any product
- Check out product details, photos and even videos

VISION & MISSION

Since 1994, our vision has been to create fun, memorable experiences for everyone in the world through our innovative, dependable products.

Now, just over 25 years later, Bestway has forged a global presence in more than 100 countries by developing an extensive product line and becoming forward thinkers about sustainable business practices. Today, we manufacture and sell more than 1,100 different products within four core categories: above ground pools and portable spas, recreational products, sporting goods, and camping products.

SERVICE

Bestway is committed to customer satisfaction and providing you with the best product solutions. That's why every department in Bestway works closely together - from our technology and quality assurance centers to our laboratories, vertically integrated manufacturing systems and after-sales service centers around the globe.

Bestway's advanced online services and regional call centers allow customers to easily resolve issues that arise with their products, offering downloadable manuals, instructional videos, and 24/7 call support.

LAY-Z-SPA®

Nearly a decade of advanced engineering and innovations have built a global name people know and trust: Lay-Z-Spa®.

Lay-Z-Spa offers an affordable spa experience that's convenient to use, easy to set up and offers total relaxation.

Backed by the Bestway® customer service team, consumers can enjoy peace of mind while relaxing in their new spa.

With different massage technologies, a Lay-Z-Spa offers the ultimate in rest and relaxation.

PRODUCT TECHNOLOGY

THE ORIGINAL PREMIUM PORTABLE SPA™

As a leading manufacturer of the inflatable, portable hot tub, Lay-Z-Spa® has become an industry staple that consumers know and trust. From technological innovations to style, Lay-Z-Spa leads the market. High-functioning components and safety are the main priorities of the spa line, providing consumers with products they can depend on.

FREEZE SHIELD™ TECHNOLOGY ❄️

COMFORT IN THE COLD

Freeze Shield™ successfully equips the spa for year-round, all-weather use. Designed with innovative winterizing technology and an improved material, these spas automatically increase water circulation and heating when temperatures are low to prevent the inner parts from becoming damaged.

GROUND DETECTION SYSTEM ⚡

With safety as a priority, every spa is equipped with our advanced, market-leading Ground Detection System, which continuously monitors the energy supply to ensure it is being used safely. If the system detects an issue, the pump alerts the user and does not allow further use until the power supply is correctly earthed.

THERMAL INSULATION

HIGH ENERGY-EFFICIENCY, LOW ELECTRIC BILL

The EnergySense™ thermal covers and liners retain more heat than PVC material alone. This allows the spa to heat up faster and stay hotter longer, leading to as much as 40% higher energy-efficiency.

HIGH-TECH COMPONENTS AND DECREASED NOISE

EFFICIENT · DURABLE · SAFE

The internal pump components are designed to work efficiently, while reducing the noise level as much as possible during use. Engineered with a new rotor and blade, our pumps are specifically designed to have a soft internal connection, reducing the noise.

ADVANCED HEATING SYSTEM

By using advanced materials to create our heating mechanism, including aluminum alloys and ceramic, we ensure efficient temperature control. The internal structure is protected by six layers of insulation to prevent electrical damage, ensuring safe use every time.

MASSAGE TECHNOLOGY

AIRJET™ SYSTEM

Soothe your body and relax your mind with the touch of a button! The AirJets work by releasing warm air into the water, surrounding you with a calming bubble massage.

AIRJET PLUS™ SYSTEM

Enjoy a deeper massage with AirJet Plus! Air bubbles are released from both the bottom and the sidewalls of the spa to target both the legs and back.

HYDROJET PRO™ SYSTEM

HydroJet Pro is the best of both worlds! Adjustable nozzles along the inside walls of the spa release soothing jetstreams of water, while jets along the bottom release a calming flow of air bubbles specifically targeting your feet and back.

MATERIAL TECHNOLOGY

DURAPLUS™ 3-PLY

DURABLE COMFORT

The Duraplus material applied on the outer walls is designed with longevity in mind - 3 layers of polyester mesh and PVC. The multi-layer design prevents stretching, and ensures durability and resilience, no matter how often the spa is used.

DROP STITCH MATERIAL

LIGHTWEIGHT DURABILITY

Inflated walls made from drop stitch material provide unparalleled strength. Thousands of fine threads securely connect the sidewalls, which seal in air to create a rigid and sturdy spa. Not only great for durability, but this also makes the spa more spacious on the inside.

BEAM CONSTRUCTION

DELIVERING STRENGTH AND COMFORT

The internal construction of each spa is designed to offer superior structural stability while still maintaining a comfortable surface. It always provides a luxurious spa experience, no matter how many times it's inflated or deflated.

Bestway

SMART HUB™ APP

HEAT CONTROL

Create, save and edit multiple timers to apply the perfect temperature anytime throughout the week

SET TIMER

Set the Power Saving Timer to only run the system during the selected times

FILTRATION

Allows for multiple timers to be created for water filter activation

MASSAGE SETTINGS

Run the massage system with the touch of a button

MASSAGE REGULATION

A special feature on some spas allows the user to choose from two massage bubble intensity levels, giving them control over their relaxation experience

APP CONNECTION

DELIVERING STRENGTH AND COMFORT

With the Bestway Smart Hub™ app, control is right in the palm of your hand. This innovation makes the Lay-Z-Spa one of the most convenient in the market. Compatible with smart devices, the Spa Control section of the app lets you control the spa's temperature, activate the Power Saving Timer, change the water filter and control the massage system with just the touch of a button!

QUICK SET-UP

- 1 DOWNLOAD THE BESTWAY SMART HUB™ APP
- 2 CLICK ON SPA
- 3 FOLLOW THE SET UP INSTRUCTIONS

DROP STITCH MATERIAL

STRENGTH & DURABILITY

The inflated walls are made from drop stitch material, providing unparalleled strength and durability. Thousands of fine threads securely connect the sidewalls, which seal in air to keep the spa inflated. This material can support considerable weight while still being light and portable when deflated.

SPECIFICATIONS

WATER CAPACITY	1,123 L (297 gal.)

AIRJET PLUS™ SYSTEM

MASSAGING BUBBLES ARE THE PERFECT WAY TO UNWIND.

The AirJet Plus system releases bubbles from both the bottom and the sidewalls of the spa to target both the legs and back.

FOOT MASSAGE

The AirJet Plus system features additional jets, strategically placed to provide a relaxing foot massage. By placing another circle of massage bubbles in the center of the spa, we are able to target the legs as well as the back of the user.

MULTI-FUNCTION PUMP

The included spa pump is convenient and accessible, complete with a new digital interface and cup holders. This pump inflates the spa, starts the heating and massage systems, and can activate the filtration system. The new design also just received a convenient upgrade - spa users can now reach the digital interface from inside the spa. No standing or exiting needed!

- LED light alternates between 7 colors
- IP66 waterproof rating – protects from powerful streams of water and dust
- 2 hours of run time with auto-shutoff feature
- Magnetic attachment system for easy setup
- One-touch operation: simply press bottom button
- Uses 3 AAA batteries (not included)
- Full color box
- 4 Ea., 4.22 kg (9.30 lbs)

CONTENTS: 1 LED waterfall

DRINK HOLDER

60306

- Keep beverages or snacks close by while you relax
- Position anywhere on the top of spa sidewall
- Compatible with all spas with a wall thickness between 20-27 cm (7.9"-10.6")
- Full color box
- 12 Ea., 8.95 kg (19.73 lbs)

CONTENTS: 2 drink holders, 1 tray

7-COLOR LED LIGHT

60303

- Uses 3 AAA batteries (not included)
- LED light alternates between 7 colors
- 2 hours of run time with auto-shutoff feature
- One-touch operation: simply press top button
- Full color box
- 6 Ea., 0.98 kg (2.16 lbs)

CONTENTS: 1 7-Color LED Light

CANOPY

60304

- 1.83 m x 94 cm x 1.09 m / 6' x 37" x 43"
- Fabric with UV protection
- Compatible with all Bestway spas sized 1.80-2.70 m (71"-811")
- High density, ventilated mesh windows
- Full color box
- 3 Ea., 4.09 kg (9.02 lbs)

CONTENTS

1 tent, 3 poles, 2 guy lines, 1 storage bag

DOME

60305

- 3.90 m x 3.90 m x 2.55 m / 12'9" x 12'9" x 8'4"
- Fabric with UV protection
- Fits all Bestway spas
- 4 large inside pockets to store personal items
- 4 detachable fabric and mesh doors, suitable for both winter and summer
- Suitable as a gazebo for use in the garden or backyard
- Can be used for pools up to 3.66 m (12") diameter
- Setup time: 15 min.
- Full color box
- 2 Ea., 34.36 kg (75.75 lbs)

CONTENTS

1 tent, 4 detachable fabric doors,
4 detachable mesh doors, carry bag

ALL IN ONE TOOL SET 60310

- Full color box
- 8 Ea., 730 kg (16.09 lbs)

CONTENTS: 1 scoop, 1 brush, 1 scrubbing mitt

1. SCOOP

- Bumper protects spa surface
- Round shaped design fits the contours of the spa interior

SETUP & MAINTENANCE

WITH THE KEY TOOLS ALREADY INCLUDED, LAY-Z-SPA SETUP IS QUICK & EASY!

After finding a flat area for the spa, it's as easy as 1, 2, 3!

1. **INFLATE** the spa with the multi-function pump.
2. **CONNECT** the pump to the spa, and ensure all of the tubes are attached to the correct openings.
3. **FILL** the spa with water to the indicated level, and enjoy!

Also included with each spa is a chemical dispenser & filter cartridge to keep the water sparkling. Maintaining clean and healthy spa water is not just important for the user's experience, but it also extends the longevity of the spa.

Thanks to a new function available on all spas, the pump can also quickly and conveniently deflate the spa for transporting or storing.
